

## Part 1

```
package abc;
public class driver {

    public static void main(String[] args) {
        System.out.println("This is my first porgram!");
    }
}
```

Problems @ Javadoc Declaration Console X

<terminated> driver [Java Application] C:\Users\timmy\.p2\pool\plugins\org.eclipse.just  
This is my first porgram!

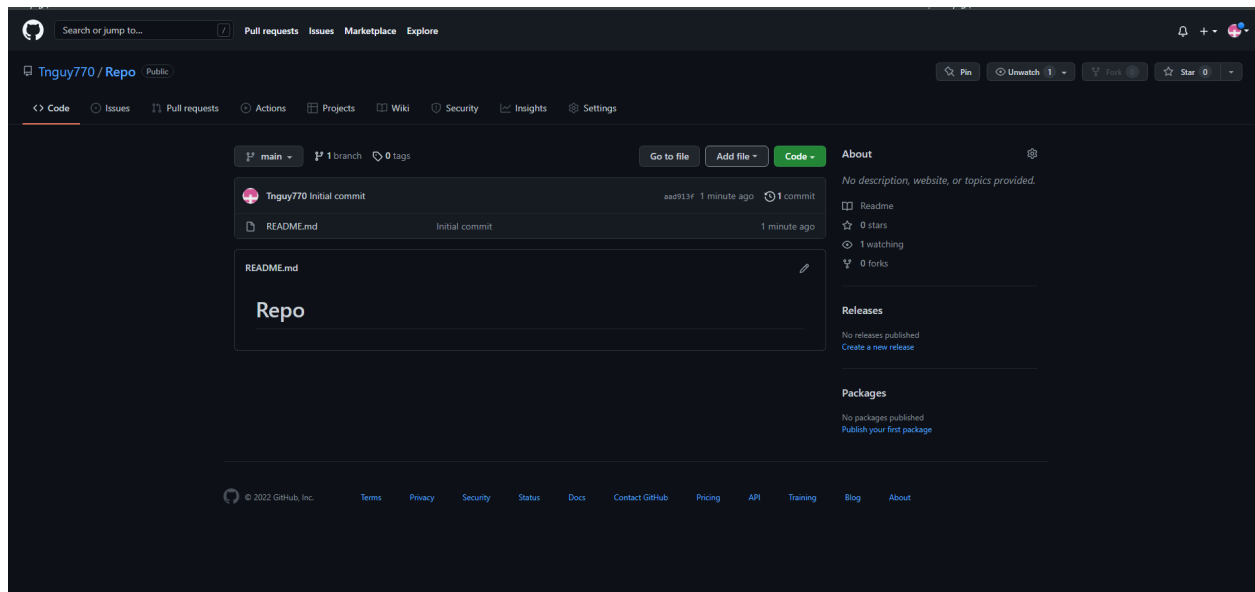

## Part 2

```
Command Prompt
Microsoft Windows [Version 10.0.19042.1466]
(c) Microsoft Corporation. All rights reserved.

C:\Users\timmy>javac
Usage: javac <options> <source files>
where possible options include:
  @<filename>          Read options and filenames from file
  -Akey[=value]         Options to pass to annotation processors
  --add-modules <module>(<module>)*
                        Root modules to resolve in addition to the initial modules, or all modules
                        on the module path if <module> is ALL-MODULE-PATH.
  --boot-class-path <path>, -bootclasspath <path>
                        Override location of bootstrap class files
  --class-path <path>, -classpath <path>, -cp <path>
                        Specify where to find user class files and annotation processors
  -d <directory>        Specify where to place generated class files
  -deprecation          Output source locations where deprecated APIs are used
  --enable-preview      Enable preview language features. To be used in conjunction with either -source or --release.
  -encoding <encoding> Specify character encoding used by source files
  -endorseddirs <dirs>  Override location of endorsed standards path
  -extdirs <dirs>       Override location of installed extensions
  -g                   Generate all debugging info
  -g:{lines,vars,source} Generate only some debugging info
  -g:none              Generate no debugging info
  -h <directory>       Output directory for class files

C:\Java> java HelloWorldApp
Hello World!
```

## Part 4

## Write up

I learned how to make a simple program with eclipse. I also learned how to run a java program on command prompt. What I am currently struggling with is part 3 and 5. Both of these directions were confusing me and it was for me to understand what exactly to do. The only parts I successfully did on the assignment is part 1, 2, and 4. Because they were the easiest to follow. While the other 2 were the most difficult for me to follow.
